Long Term Plan for PSED Nursery (2 – 3 year olds)

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Key Learning	<p>PSED is a prime area for learning in EYFS. It is embedded within daily interactions to support the development of self-regulation, managing self and building relationships. This is also combined with the Characteristics of Effective Learning through playing and exploring, active learning and creating and thinking critically to support pupils to engage with others and to remain effective and motivated learners. We follow the needs of the children to plan relevant and 'in the moment' circle times to also support this. Pupils also have weekly well-being and mindfulness sessions.</p> <p>These sessions also teach pupils about our school values: Friendship, Trust, Justice, Hope, Endurance, Compassion and Forgiveness.</p>					
EYFS Statements	<p>Self-Regulation</p> <ul style="list-style-type: none"> • Find ways to calm themselves, through being calmed and comforted by their key person. • Establish their sense of self. • Express preferences and decisions. They also try new things and start establishing their autonomy. • Use that engagement to achieve a goal. For example, gesture towards their cup to say they want a drink. • Thrive as they develop self-assurance. • Be increasingly able to talk about and manage their emotions. • Safely explore emotions beyond their normal range through play and stories. • Are talking about their feelings in more elaborated ways: "I'm sad because..." or "I love it when ..." <p>Managing Self</p> <ul style="list-style-type: none"> • Find ways of managing transitions, for example from their parent to their key person. • Look back as they crawl or walk away from their key person. Look for clues about how to respond to something interesting. • Feel confident when taken out around the local neighbourhood, and enjoy exploring new places with their key person. • Feel strong enough to express a range of emotions. • Grow in independence, rejecting help ("me do it"). Sometimes this leads to feelings of frustration and tantrums. • Begin to show 'effortful control'. For example, waiting for a turn and resisting the strong impulse to grab what they want or push their way to the front. • Learn to use the toilet with help, and then independently. <p>Building Relationships</p> <ul style="list-style-type: none"> • Engage with others through gestures, gaze and talk. • Play with increasing confidence on their own and with other children, because they know their key person is nearby and available. • Notice and ask questions about differences, such as skin colour, types of hair, gender, special needs and disabilities, and so on. • Develop friendships with other children.
