St George's Central CE Primary School and Nursery

Data Retention Policy

Policy updated by Mrs Smith (School Business Manager): February 2025

Policy approved by Governors: March 2025

Chair of Governors

Thoma Taylor.

Headteacher

Policy shared with staff and shared on the school website: March 2025

DATA RETENTION POLICY

Our school motto

Never settle for less than your best.

Our Vision

Following in the footsteps of Jesus, each member of our community will flourish as resilient, respectful and adaptable individuals prepared for life's journey. Along the way we will encourage and inspire each other to continue growing as beacons of light in our own lives and the wider world.

Our Mission Statement

St. George's Central seeks to provide quality education rooted in the Christian faith, serving the spiritual, moral, and educational needs of the community of which it is part.

The school has a responsibility to maintain its records and record keeping systems. When doing this, the School will take account of the following factors:

- The most efficient and effective way of storing records and information.
- The confidential nature of the records and information stored.
- The security of the record systems used.
- Privacy and disclosure.
- Their accessibility.

This policy does not form part of any employee's contract of employment and is not intended to have contractual effect. It does, however, reflect the School's current practice, the requirements of current legislation and best practice and guidance. It may be amended by the School from time to time and any changes will be notified to employees within one month of the date on which the change is intended to take effect. The School may also vary any parts of this procedure, including any time limits, as appropriate in any case.

Data Protection

This policy sets out how long employment-related and pupil data will normally be held by us and when that information will be confidentially destroyed in compliance with the terms of the UK General Data Protection Regulation (UK GDPR) and the Freedom of Information Act 2000.

Data will be stored and processed to allow for the efficient operation of the School. The School's Data Protection Policy outlines its duties and obligations under the UK GDPR.

Retention Schedule

Information (hard copy and electronic) will be retained for at least the period specified in the attached retention schedule. When managing records, the School will adhere to the standard retention times listed within that schedule.

Paper records will be regularly monitored by regular internal reviews.

Electronic records will be regularly monitored by regular internal reviews.

The schedule is a relatively lengthy document listing the many types of records used by the school and the applicable retention periods for each record type. The retention periods are based on business needs and legal requirements.

Destruction of records

Where records have been identified for destruction they should be disposed of in an appropriate way. All information must be reviewed before destruction to determine whether there are special factors that mean destruction should be delayed, such as potential litigation, complaints or grievances.

All paper records containing personal information, or sensitive policy information should be shredded before disposal where possible.

All other paper records should be disposed of by an appropriate waste paper merchant. All electronic information will be deleted.

The school maintains a database of records which have been destroyed and who authorised their destruction. When destroying documents, the appropriate staff member should record in this list at least:

- File reference (or other unique identifier).
- File title/description.
- Number of files.
- Name of the authorising Officer.
- Date destroyed or deleted from system.
- Person(s) who undertook destruction.

Record keeping of Safeguarding

Any allegations made that are found to be malicious must not be part of the personnel records.

For any other allegations made, the School must keep a comprehensive summary of the allegation made, details of how the investigation was looked into and resolved and any decisions reached. This should be kept on the personnel files of the accused.

Any allegations made of sexual abuse should be preserved by the school for the term of an inquiry by the Independent Inquiry into Child Sexual Abuse. All other records (for example, the personnel file of the accused) should be retained until the accused has reached normal pension age or for a period of 10 years from the date of the allegation if that is longer.

Guidance from the Independent Inquiry Child Sexual Abuse states that prolonged retention of personal data at the request of an Inquiry would not contravene data protection regulation provided the information is restricted to that necessary to fulfil potential legal duties that a school may have in relation to an Inquiry.

Whilst the Independent Inquiry into Child Sexual Abuse is ongoing, it is an offence to destroy any records relating to it. At the conclusion of the Inquiry, it is likely that an indication regarding the appropriate retention periods of the records will be made.

Archiving

Where records have been identified as being worthy of preservation over the longer term, arrangements should be made to transfer the records to the archives. A database of the records sent to the archives is maintained by Mrs N Smith. The appropriate staff member, when archiving documents should record in this list the following information:

- File reference (or other unique identifier).
- File title/description.
- Number of files.
- Name of the authorising officer.

Transferring information to other media

Where lengthy retention periods have been allocated to records, members of staff may wish to consider converting paper records to other media such as digital media or virtual storage centres (such as cloud storage). The lifespan of the media and the ability to migrate data where necessary should always be considered.

'Never settle for less than your best'

Transferring information to another school

We retain the pupil's educational record whilst the child remains at the school. Once a pupil leaves the school, the file should be sent to their next school. The responsibility for retention then shifts onto the next school. We retain the file for a year following transfer in case any issues arise as a result of the transfer.

We may delay destruction for a further period where there are special factors such as potential litigation.

Responsibility and Monitoring

Mrs N Smith has primary and day-to-day responsibility for implementing this Policy. The Data Protection Officer, in conjunction with the School is responsible for monitoring its use and effectiveness and dealing with any queries on its interpretation. The Data Protection Officer will consider the suitability and adequacy of this policy and report improvements directly to management.

Internal control systems and procedures will be subject to regular audits to provide assurance that they are effective in creating, maintaining and removing records.

Management at all levels are responsible for ensuring those reporting to them are made aware of and understand this Policy and are given adequate and regular training on it.

Emails

Emails accounts are not a case management tool in itself. Generally emails may need to fall under different retention periods (for example, an email regarding a health and safety report will be subject to a different time frame to an email which forms part of a pupil record). It is important to note that the retention period will depend on the content of the email and it is important that staff file those emails in the relevant areas to avoid the data becoming lost.

Pupil records

All schools with the exception of independent schools, are under a duty to maintain a pupil record for each pupil. If a child changes schools, the responsibility for maintaining the pupil record moves to the next school. We retain the file for a year following transfer in case any issues arise as a result of the transfer.

RETENTION SCHEDULE Employment Records

FILE DESCRIPTION	RETENTION PERIOD
Job applications and interview records of	Six months after notifying unsuccessful candidates, unless the school has
unsuccessful candidates	applicants' consent to keep their CVs for future reference. In this case,
unsuccessial candidates	application forms will give applicants the opportunity to object to their
	details being retained
Job applications and interview records of	6 years after employment ceases
successful candidates	o years after employment ceases
Written particulars of employment, contracts of	6 years after employment ceases
