

Our Fire Circle rules

- Always walk around the fire circle, never cross it.
- If you spot anyone about to cross the fire circle shout LAVA.
LAVA means fire is hot and it spreads.
- Always wear fire gloves when working with a fire.
- Always have a bucket of water in case of burns or to put the fire out quickly.
- We always kneel at the fire pit.
- Fire circle logs are for sitting on, not standing.
- Always keep the fire circle clear of litter and rubbish.
- Safety is everyone's responsibility, look after your friends and adults.

'Never settle for less than your best'
