It is our intention that throughout their time at St George's Central our children will be able to develop Spirituality. We have developed a definition of what we believe Spirituality is:

'Spirituality is...an understanding of how beliefs, values and experiences shape the identity of individuals, their spiritual disciplines and connections with life.'

The impact we have had on children's spiritual development is not easily quantifiable but we do believe there are some ways of considering this impact. These include but are not limited to:

- Our SIAMS inspection report.
- Our SIAMS Self Evaluation Form.
- Our school Self-Evaluation Form.
- Individual case studies and anecdotal evidence about individual children and their journey at our school.
- Monitoring of our systems for logging and managing behaviour.
- Records of our engagement with and support of St George's Church and the Mission Church on Shakerley.
- Parental engagement with school events such as class worships and church services.
- Annual 3 stars and a wish survey.

Other evidence sources used to measure 'impact' include: School Council discussions, Eco Council projects, Ethos Council contributions, Rota-Kids charity work, Improving Learning activities and our Past Pupils' information. The following pages show some examples of how our school positively impacts on the future of our children:

'Never settle for less than your best'

Jesus said, 'I am the light of the world. Whoever follows Me will not walk in darkness, but will have the light of life.' John 8:12

Past Pupils
