Early Years Graduated Approach

The Early Years Setting has put in place a **Universal** offer of support and have identified some delay in the child's progress. They are putting in place the assess, plan do, review cycle of support. The child is still showing 12-month delay in development.

The setting has put in place **Additional – Focused** support and continued the assess, plan, do, review cycle. The child is making little or no progress and the delay in development has increased to 18 months or more and has 1 or more agency involved or evidence that a referral has been accepted. Setting to complete a Request for Service Involvement.

The Early Years setting has submitted the Request for Involvement and the criteria is not met. Setting is to re-visit the Universal and Additional – Focused elements of the Graduated Approach. Setting support to be considered from the Raising Attainment team.

Early Years Team have considered the criteria for a Request for Involvement. Criteria was met and a visit is arranged in the setting to complete an assessment and meet with parents.

Assessment completed by the Early Years Team. Outcome of assessment to be discussed at Early Years Panel. Outcome of panel decided and Early Years Support allocated
